

WHY WE CARE

carersweek.com.au

Carers Week was celebrated on Tuesday 16th of October 2018 at Brewarrina Aboriginal Medical Service focusing on supporting carers and patients dealing with mental health.

Carers Week is an annual campaign to raise awareness and also to celebrate and acknowledge the challenges unpaid carers face and the contribution they make to families and communities.

It provides the opportunity for all Australians to become more aware of something that is affecting millions of people right now and will likely affect us all at some stage in our lives.

BAMS were joined by Mission Australia, Flourish Australia and community members. BAMS and Flourish were able to have a yarn to all that attended during morning tea, to let them know about services BAMS and Flourish provide along with some general information in goodie bags that were given to all that attended on the day with knowledge on how to contact necessary support systems.
