

# TOO DEADLY NEWS

WITH BREWARRINA ABORIGINAL HEALTH SERVICE (BAHSL)

Community members learning about Hepatitis B at the Awareness Day

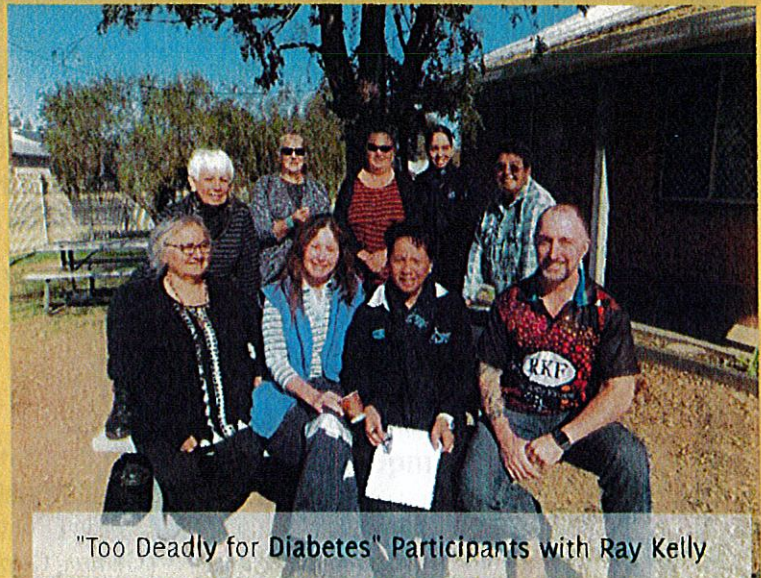

## Hepatitis B Awareness Day

A very successful Hepatitis B Awareness day was held at BAHSL on the 24th May. Damien from Hepatitis NSW, Sexual Health Nurse Kim and Therese from the Primary Health Network mingled and yarned with the community about liver disease, Hepatitis assessment and treatment and health concerns.

## Ray Kelly 'Too Deadly for Diabetes'

Program 2 Launch 14th June 2018

The Too Deadly for Diabetes program aims at supporting participants to reduce weight and improve overall health outcomes including combatting diabetes and hypertension. The "Too Deadly" program has commenced its 2nd launch with participants making a great start and losing a combined 29kgs in 2 weeks. Gaining control over your weight also reduces the need for many medications and improves overall health and wellbeing.

"Too Deadly for Diabetes" Participants with Ray Kelly

Wearing red to work to promote RED NOSE DAY

In May/June we said goodbye to:

Michelle Tattersall – Michelle is enjoying family time.

Christopher (Burra) McHughes – Burra is busy with his Fire Brigade commitments.

Dr Manori Malawaraarachchi – after 3 years working with WAMS and BAHSL, Dr Manori has rejoined her family full time and is working at Dubbo Western Plains Medical Centre.

Dr Karin Jodlowski-Tan – Dr Tan has been a part of the BAHSL/Bre community for 10 years. She has accepted a position at a medical centre in Mt Druitt.

Good luck and best wishes to you all.

Hello:

We would like to welcome Katherine Fisher who has joined the team.

Congratulations:

Congratulations to Bianca Cochrane-Owers who recently completed her Certificate 4 in Primary Health Care Practice. Well done Bianca.
