

FIRST AID KITS FOR THE

WALGETT KNOCKOUT

BAMS supported the community by providing first aid equipment and kits to two local football teams that competed in the Walgett Knockout on 17th September 2022.

Barwon United and Ngemba Tjandamurra Warriors both asked if the AMS were able to help support the teams with the supply of first aid equipment.

The Brewarrina AMS knows how important Rugby League is to our community so the BAMS was more than happy to help the teams out.

Both teams picked up their first aid kits and when they looked inside they were speechless and could not believe they were given such quality equipment. One of the ladies was close to tears because the kits exceeded her expectations.

Barwon United and Ngemba Tjandamurra Warriors will get great use out of their kits. We wish both teams the best of luck in the Knockout.
